

Greenbelt Monarch Habitat Butterfly Surveys

Time to get our science on!

Interested in looking for monarch eggs, caterpillars and pupae? Come be a community scientist and gather data for Western Monarch conservation. Training will be provided to all volunteers. Simply email the project coordinator to arrange for training and/or sign-up for survey dates.

Please note that surveys can involve stooping, bending and kneeling on the ground. Ability to use a smart phone with the iNaturalist app is preferred but not required.

Things to bring:

- Hat
- Water
- Sunscreen
- Sturdy shoes
- Smart phone with iNaturalist app
- Gardening kneeling pad is recommended
