

Help the LandUse Learning Center Grow

You can help by supporting the development of the LandUse Learning Center.

Your gift will help build a unique 3½-acre educational facility that will demonstrate natural resource conservation methods. Displays, publications, and educational tours will provide specific information to empower people to manage their own properties and live in more sustainable ways.

Your contribution could sponsor:

- the planting of native or backyard habitat plants;
- the demonstration of environmentally-friendly yard management techniques;
- the planting and labeling of a citrus, shade, or native oak tree;
- the building of a bird nest box;
- the construction of a conservation practice, museum exhibit, or kiosk.

Please consider giving a gift to honor friends and relatives for special occasions. Memorial gifts pay tribute to deceased loved ones. The family or person remembered will be notified of your gift.

COUPON:

Personal donation: \$10 ___ \$25 ___ \$50 ___ \$100+ ___ \$1,000+ ___ Other \$ _____

Name _____

Address _____

Phone/e-mail _____

Please provide the name and address of the person or family you would like notified of your gift contribution. Gift donation: \$ _____

Person and/or event you wish to honor _____

YOUR TAX-DEDUCTIBLE CONTRIBUTION WILL PROVIDE A LASTING LEGACY.

For more information about becoming involved with the planning or construction of the LLC, please call (909) 683-7691 to request a copy of the *Prospectus* or speak to Diana Ruiz.

Volunteers are needed for planning, design, construction, landscaping, and educational programs. Collaboration on design and plan review is invited. In addition, donations of all sorts of materials and services are needed, especially landscaping and building supplies.

Join our *Corporate Sponsors*, contributors of \$1,000 or more:

- Roy Takeno, Farmer and Landscape/Grove Management
- Wayne L. Keene, Third Hand Project Management
- Metropolitan Water District
- US Department of Interior, Bureau of Reclamation
- California Department of Conservation
- USDA Natural Resources Conservation Service
- Santa Ana River Mitigation Trust Fund

The LLC is located at the Resource Conservation Center, which is also home to the Riverside–Corona Resource Conservation District and other conservation agencies.

THE RESOURCE CONSERVATION CENTER

The Resource Conservation Center provides a location for information exchange, community action, and collaboration. Conservation agencies and grassroots organizations, such as the Riverside Land Conservancy, use the newly renovated conference room for programs, training, and meetings.
